	<p><b>Recommend: Refusal.</b> We do not feel that our previous concerns, listed below, nor those of the statutory consultees have been addressed. We agree with the conclusions of the Landscape and Biodiversity Officer. We also echo the comments from the CPRE. The boundary of the High Weald Area of Outstanding Natural Beauty runs along Alders Road. The proposed solar farm is in the High Weald National Character Area and forms part of the setting of the AONB. We would like to remind TWBC that Alders Lane is designated as a historic routeway and that the proposed alterations to provide the necessary visibility splay for the access to the site would have a seriously detrimental effect on the character of the area.</p> <p><b>Previous Comments: Recommend Refusal.</b> We note that most of the professional statutory consultees object/have concerns about to the proposal and have asked for additional information. We share their concerns and in particular in relation to the following:</p> <ol style="list-style-type: none"> <li>1. Highway safety - Alders Road is a rural lane which is completely inappropriate for the construction traffic needed. The entrance to the site with a large dip in the ground adjoining a sharp bend in the road will present a danger to construction traffic and other users. Please note the junction with the A228 Colts Hill is dangerous and has a record of accidents. The Parish Council could not see how this could be mitigated.</li> <li>2. The site is adjoining and visible from the AONB - there seems to be no assessment of the impact of the site development on the AONB.</li> <li>3. Although there are assessments of the impact of the development on the listed buildings adjoining the site there is no assessment of the impact on the buildings of this historic rural farmstead taken as a whole. There is no mention of the heritage of this area which is referred to in our emerging Neighbourhood Development Plan. The assessment of harm posed by this development is therefore understated.</li> <li>4. The site is in the Green Belt and is the last producer of hops in the parish (far from being in decline it has expanded its acreage in the recent past). Although we cannot lay down which crops are produced we would draw you attention to the fact that 75% of the land is Category 2 or 3a best and most versatile land which would seem a waste, given the derelict heritage orchard next door. Chapel is really the historic heart of hop growing and to lose the last hop garden and its very fertile soil is not just a big loss for the cultural history of the parish, but also for Kent as a whole.</li> <li>5. We would draw your attention to the comments of KCC Flood and water management on the inadequacy of the surface water drainage strategy prepared by AECOM. In addition we would point out that the root structure of the hops (some of which are forty years old) are very water demanding. Their removal would increase the likelihood of surface flooding. This seems not to have been taken into account.</li> <li>6. We would echo the comments of KCC Archaeology on the weakness of the Archaeological DBA, which like many of the assessments seems to have been done as desktop exercises with little familiarity with the site.</li> <li>7. We would draw your attention to the comments from Kent Police that the proposed fencing is not suitable for providing the necessary security.</li> <li>8. We feel there is insufficient screening of the area and do not agree for with their calculations for biodiversity.</li> <li>9. We are concerned about the cumulative impact of 3 solar farms on the landscape and footpath network in our parish.</li> </ol> <p>The Parish Council also request that if TWBC are minded to approve, despite the above, that it be subject to a Section 106 request for a contribution to leisure facilities (planned new village hall) and/or highways (planned 40 mph speed limit on Alders Road) given the extra burden this will place on the community.</p>
344.	<p>8. <b>TUNBRIDGE WELLS BOROUGH COUNCIL DECISIONS.</b>  <i>Outstanding planning applications decided by TWBC shall appear once decided.</i>  <b>Recommendation by CPC is in BOLD. *TWBC Planning Decision is in Italics</b></p> <ol style="list-style-type: none"> <li>a. <b>24/00487/FULL: The Hay Barn, Stone Castle Farm, Whetsted Road, Five Oak Green</b>  Installation of 27 roof-mounted solar panels.  <b>Recommend: No objection.</b> <i>*Permitted.</i></li> <li>b. <b>24/00441/FULL: Holmewood Farm, Badsell Road, Five Oak Green</b>  Change of use of grazing land to caravan storage and erection of stone/soil bund.  <b>Recommend: Objection.</b> We echo the concerns of the Environmental Agency and KCC Highways. We are concerned about the discharge of effluents into the water system. We consider the height of the bund insufficient to obscure the view of the motor homes.  <i>*Withdrawn.</i></li> </ol>

	<p>c. <b>24/00428/FULL: Sholden, Five Oak Green Road, Five Oak Green</b> Demolition of existing dwelling and construction of replacement dwelling. <b>Recommend: No objection. Please note that the existing dwelling has already been demolished, this should be a part retrospective application. *Permitted.</b></p> <p>d. <b>24/00315/FULL: Tudeley Brook Stables, Crittenden Road, Matfield</b> Conversion and partial demolition of stable to dwelling house. <b>Recommend: No objection subject to execution of the Environmental Agency Conditions. We would like to highlight that our emerging Neighbourhood Plan does not allow building in Flood Zone 3. *Permitted.</b></p> <p>e. <b>23/03499/FULL: Hunters Lodge, Badsell Road, Five Oak Green</b> Erection of dwelling following removal of existing caravan and outbuildings, hard and soft landscaping. <b>Recommend: No objection. *Permitted.</b></p> <p>f. <b>24/00262/FULL: Orchard Brook, Five Oak Green Road, Five Oak Green</b> Variation of Condition 2 of planning permission 23/02130/FULL – External walls changed to dark stained timber cladding, roof tiles changed to concrete, reduction in building width, alterations to fenestration. <b>Recommend: No objection. *Permitted.</b></p>
345.	<p>9. <b>OTHER MATTERS:</b></p> <p>a. <b>FS-Case-547362832 Deldean Yard, Five Oak Green Road, Five Oak Green:</b> Enforcement has advised that the Agent is still in the process of getting an updated acoustic report.</p> <p>b. <b>Capel Court Yard, Alders Road: Alleged breach of planning conditions:</b> There was no update from Enforcement regarding the fact the owners of the yard are in breach of a Section 52 Order.</p> <p>c. <b>Top Lodge, Pembury Road, Capel:</b> It was noted that the appeal lodged against Enforcement Notice T018570: ‘without planning permission the construction of a gymnasium outbuilding within the curtilage of a listed building.’ (ref: 21/03419/FULL) has not yet been determined.</p>
